

# 4-Post Adjustable Depth Open Frame Network Rack - 48U, M6 Cage Nut Rails

**Adjustable Depth:** Ranges from 22" to 40", allowing customization to fit various equipment sizes and configurations.

**High Load Capacity:** Supports up to 400 lbs, making it suitable for holding a wide array of heavy networking and telecommunications equipment.

**Durable Construction:** Built with cold rolled steel, ensuring long-lasting durability and reliability in demanding environments.

**Compliance with EIA-310D Standards:** Meets industry standards for IT equipment, ensuring compatibility and ease of integration.

**Floor Mount Stability:** Designed for floor mounting with the ability to bolt into the floor for enhanced stability and security in high-traffic areas.

Base Design	Floor Mount
Color	Black
Compliance	EIA-310D
Delivery Style	Knockdown
Electrostatic Powdercoat MicroFinish	Black
Load Capacity	400 lbs
Mounting Format	19"
Mounting Rails	Cage Nuts (#12-24)
Numbered RU positions	Yes
Rack Size Depth	22" to 40"
RMU	48U
Material	Cold Rolled Steel
Posts	4 Post
Rack Size Width (Internal)	23.62" (17.75")
Rack Height (Assembled)	89.25 Inch
Cage Nuts, Screws & Washers	40 each
